

## Computer Use Policy

I hereby declare to use the computing /network resources provided to me by the university according to the following conditions and terms:

1. To make use of computing /network resources in accordance with the rules and regulations posted by the Computing and Information Systems Division.
2. To make use of computing /network resources only for academic needs.
3. I am aware that accessing illegal material/information and any violation of rights will be reported to the appropriate University and law enforcement authorities and that the university does not hold itself responsible for the content of this information or for the way the user has accessed the information.
4. Keep confidential any classified information I have been exposed to while using the university computing resources, including personal information, as it is defined by The Israeli Privacy Law.
5. I'm aware that the password and user-name given to me by the university are confidential and personal and that I am responsible for any use made of this information.
6. I'm aware that I am not to provide information regarding my user-name and password to any other user.
7. Furthermore, I'm obliged not to make use of any code I am not authorized to use.
8. I'm aware that the terms of use and payment policies are subject to change according to the university decision.
9. I'm aware that this service does not allow me to connect any computer on other location on campus except for the location for which this service was requested for.
10. I'm aware that my PC should be protected from viruses before it is connected to the university network and that an infected computer will be disconnected immediately without prior notification.
11. I'm aware that in the linear network only the computer for which the service is open can operate with the local network. It will be impossible to connect another computer or connect a different network interface card without contacting the help desk/support services.
12. I'm aware of support services/help desk work-hours.
13. I'm aware that I'm not allowed to disconnect communication equipment in the rooms and that I am not allowed to connect any other device instead.
14. I'm aware that I am not allowed to connect network devices such as router, switches etc.
15. I'm aware that any damage to the communication system may result in the cancellation of service and/or fine and/or disciplinary committee.
16. Any violation of these conditions is considered a disciplinary offense and may result in a disciplinary committee and the restriction of computing privileges,

and will, furthermore, be reported to the appropriate University and law enforcement authorities.
